RE: Earth's Partners - Munchkin 1-2-3- S/001/066

In Reply Please Refer to Case No. 04-1185

Dear Ms. Burns:

The Utah State Historic Preservation Office received the referenced information on October 15, 2004. After consideration of the consultation request in behalf of the Division of Oil, Gas & Mining, the Utah Preservation Office provides the following comments per §36CFR800.

Section 106 Consultation DOGM; the database indicates no known surveys or cultural resources for the legal description. Given the location in Beaver County, USHPO recommends that a cultural resource survey be completed for the area of potential effect.

The faxed maps are becoming more difficult to read; given the volume of work the technicians are doing, our office needs a USGS with the area of potential effect marked, the map needs to be sent to our office, not faxed.

This information is provided on request to assist with Section 106 responsibilities as specified in §36CFR800. My email address is: jdykman@utah.gov

As ever,

James L. Dykmann
Deputy State Historic
Preservation Officer - Archaeology
